Mr. Wayne Taft  
Heritage House  
Restaurant  
3851 South Sixth  
Springfield, Illinois 62703

Dear Mr. Taft:

At yesterday's meeting I informed the DPMA Board that you had indicated a letter from your insurance company would be sought regarding DPMA's coverage in connection with the sale of alcoholic beverages in your establishment.

As you will recall, you were going to try to have a representative of your insurance company at the DPMA Board meeting if he was available. Since he was not there and you were not available, the Board has requested that I make a formal request for verification of DPMA's coverage. We feel that it is extremely important that we have this information in writing from your insurance carrier.

The Board was also advised that you were looking into the charges that were made at the last two Tuesday night meetings and that future meetings will be billed at \$4 per person including tips and set-ups for the bar. It looks like you're on the losing end from the charges made at the last two meetings. Let us know if we owe an additional amount for the last meeting.

During the Board's discussion of future meetings, it was decided that the December meeting will have to be held in a location where entertainment and dancing will be possible. I informed the Board that you probably would not mind since you have more requests for parties during that season of the year than you

Mr. Wayne Taft

can possibly fill. I would like to know your feelings on this; maybe you have some suggestions.

Please see what you can do about the letter from your insurance carrier at the earliest possible time.

Sincerely,

A. DEAN AUSTIN  
Executive Vice-President
